RESEARCH ADVANCES UNDERSCORED IN NATIONAL DIABETES WEEK PERTH SEMINAR

Western Australia's peak diabetes research funding group will host a National Diabetes Week expo to shine a light on the latest developments in diabetes.

Diabetes Research WA's 'Explore Diabetes' Expo will be held from 8.30am to 11.30am on Wednesday July 11 in Perth.

The event will feature updates from local researchers including renal physician Dr Aron Chakera discussing post-transplant diabetes and the CSIRO's Professor Yogi Kanagasingam talking about advances in screening for diabetes-related eye disease.

There will also be a chance to chat with local scientists working in diabetes research.

To reserve your free spot to the event and find out specific location details, please email info@diabetesresearchwa.com.au or call (08) 9224 1006 by July 4.
