

2015 DIABETES RESEARCH PROJECT GRANTS
Application Form and Guidelines

Diabetes Research WA* is pleased to again offer two separate diabetes research project grants of \$75,000 each as non-recurring grants for the 2016 calendar year as follows:

- 1 research project grant for basic/ fundamental research into diabetes (WA based)
- 1 research project grant for clinical/ translational research into diabetes (WA based)

Projects that have not received funding in the previous round and which include an association or collaboration with an institution or co-funding from other sources will be considered favorably.

This research grant is externally assessed and reviewed by a peer review panel on a competitive basis.

Terms and conditions of these project grants include:

- Submit six-monthly progress reports to Diabetes Research WA.
- Present research findings at the Diabetes Research WA Research Symposium in November.
- All published papers relating to the research to be submitted to Diabetes Research WA.
- Agree to conduct interviews with the media in relation to the research when requested.
- Acknowledge funding from Diabetes Research WA in all presentations, papers and media.
- Approval for Diabetes Research WA to refer to recipients name and field of research in publicity material and on the Diabetes Research WA website.
- Provide data that the researcher agrees will not compromise the final publication of research results for use in research updates and publicity.
- Research projects should be completed by Dec 30th 2016.

Applications to be sent to Diabetes Research WA via email/ post and received by **30th June 2015**.
